

Declaration of Interest

The Noupoort Wind Farm is currently rolling out a mask manufacturing program in Noupoort. The program creates an opportunity for local companies (SMMEs) to manufacture non-medical masks for the local community.

A joint approach or proposal to tackle this project will be beneficial.

On the contrary, if no appropriate joint approach is received, the project company reserves the right to split the opportunity between suitably qualified companies.

The following compulsory documentation must be submitted:

- Company Profile or evidence of similar services already entered into
- Proof of company registration
- ID document
- BBBEE certificate / affidavit
- The company and owner must be based in Noupoort
- Tax Clearance Certificate
- Bank account proof

Interested parties must be able to deliver and prove:

- Job creation to local community
- Period of manufacture / timeframe
- Distribution of product in local community
- Marketing of product

Closing date: 17 July 2020

: 2 :

Terms and conditions include, among other: signing of an agreement, minimum quantities and cooperation with other qualified companies / persons.

Shortlisted applicants will be required to produce a sample of the mask, which is similar to the specification. The sample must be supplied to the wind farm for quality purposes within the agreed period, before awarding the contract.
